

Quick Guide

Please read and follow all safety information in the manual included with the product.

Set-Up

Be sure your phone or device is updated with the latest version of the operating system. Then go to the App Store and download the Twinkly App.

Plug in the lights.

Open the Twinkly App.

Once the App is open, select controller: **Generation II**

Press and hold the power button on the controller until the small light turns blue.

Select **"Use Twinkly WIFI"**

*WIFI detected when plugged in.

USE TWINKLY WIFI

CONNECT TO LOCAL WIFI

Go to your phone's WiFi Settings and select the WiFi Network with "Twinkly" in the name.

Enter password: **Twinkly2019**

Go back to the Twinkly App. Select "Start Using App"
(to add more Twinkly light sets, please see our additional reference guide).

You are now ready to start using your Twinkly Home light sets!

Open the Effects Gallery.
Select the desired effect to see the real-time preview on your Twinkly Set-up. Browse effects and tap "Apply" to store the effect and play continuously.

Press the music note to sync with music or audible noise.

Decorate your tree, greenery, or environment. For trees, best results occur when arranged in a spiral.
